

Capacity Crowd Views 'Eurydice'

By JERRY GARBARINI

A large opening night audience gave the college Drama department's "Eurydice" production a warm reception Friday night in the Little Theater.

Delores Hieb in the title role and Richard Risso as Orpheus impressed with able performances, and brought out the play's true-to-life quality of two lovers seeking perfection in an imperfect world.

Noteworthy showings also were made by Clyde Allen as Monsieur Henri, Gerald Charlebois as Dulac, the impressario, Robert Dietle as Orpheus' weak father, and Ruth Dougherty as the gesticulating, unfeeling mother of Eurydice.

The play itself, containing the bitter-sweet elements of life, kept viewers engrossed. Credit is due here to Dr. James H. Clancy. His competent direction and translation of the story from French author Jean Anouilh's version was manifest from the first curtain.

One of the most provocative scenes was Orpheus' disenchantment and his awakening to the fact that Eurydice, while very dear, still was a far cry from his hoped-for ideal.

In his portrayal of Dulac, the worldly and swaggering disenchanter, Charlebois here gave a convincing presentation of the world's seamy side to Orpheus and the audience.

Nicely provided bits of comedy were enacted by Craig Thush as the hotel waiter. He was aided in the humor department by Dietle and Miss Dougherty.

The Gallic-styled settings, designed by J. Wendell Johnson and Harrison McCreath, lent tang and reality to the show. Especially laudible was the cafe setting of a railway station in southern France with its quaint, drab flavor.

Costuming was handled by Miss Berneice Prisk and Genevieve Turnac.

On Giving Blood

It was warm Friday afternoon, and students lounged near the Coop, talking of life and spring and other things.

Once in awhile someone would slip up to the booth and self-consciously sign to donate blood. But most of the students just lounged in the sun. After all, it was warm and it was San Jose and there were things to talk about.

Perhaps it was warm in Korea, too.

'Reds Tricked Us,' Says Dr. Vatcher

"We fell victims to the Communists' greatest hoax in Korea." So said Dr. William H. Vatcher, associate professor of political science, in reference to a talk he will give in Morris Dailey auditorium at 3:30 o'clock this afternoon.

Part of his talk will deal with the differences in attitude displayed by Communist and United Nations delegates toward the Panmunjom peace talks, according to Dr. Vatcher.

He maintains that the prisoner issue deadlocking the conference now is nothing but a stalling device and that the Communists probably would find another if this one were eliminated.

Dr. Vatcher will speak for approximately 50 minutes and will close his talk by showing some of his slides on Panmunjom. At that time, he will attempt to answer all questions asked by the audience.

While referring to his experiences as a member of the United Nations truce team, Dr. Vatcher gave a boost to the helicopter industry. "Those things are really wonderful," he said. "We had three of them and riding them back and forth is about the only thing I enjoyed about the peace conferences."

Best policy for the United Nations to follow would be to give in on the prisoner issue, Dr. Vatcher feels. This would mean that all war prisoners captured by the UN would be free to return to their homeland.

In an article appearing in the Jan. 23 issue of U.S. News and World Report, Dr. Vatcher says: "Whatever the outcome of the truce negotiations, the larger struggle in which we are engaged will not be settled in the peace tent at Panmunjom or any place else."

Dr. Vatcher told the Spartan Daily Friday that he may write a book upon his experiences in Korea. It probably will be entitled, "The Panmunjom Story."

Two More Beauties Reign

MERLE BEDARD

Theta Chi Dream Girl

Shirley Strahl and Merle Bedard added their names to the social circle's long list of royalty Saturday night at two of the campus' most anticipated winter events.

Sigma Chi members and their dates watched as Miss Strahl was presented the fraternity's sweetheart pin at a formal dinner-dance at the Peninsula Country club. A Kappa Kappa Gamma, Miss Strahl is the campus' first Sweetheart of Sigma Chi.

Dick McConnell, social chairman, presented the Theta Chi Dream Girl crown to Miss Bedard, a member of Delta Gamma sorority. Gifts also were given to her attendants, Sylvia Cockerton and Marion Schutte. The royal court was presented at a dance at the California Country club.

The Sigma Chi Sweetheart is a sophomore pre-medical major from Gilroy. Miss Bedard is a senior education major from Sacramento.

SHIRLEY STRAHL

Sweetheart of Sigma Chi

Freshman Camp May Be Held In Two Sections Next Time

The decision to tentatively reserve Asilomar State park from Sept. 11 through 15 was made by the Freshman camp committee Friday afternoon.

Plans to hold two Freshman camps next fall were discussed at the meeting and it was decided to reserve the park in the event this plan is approved, said Bill Eckert, camp director.

Last year, many applications for the camp had to be turned down and some of the overflow was bedded-down on the floor in sleeping bags, Eckert said.

"The question," said Dr. G. A. McCallum, chairman, "is do we want to make the camp available to all freshmen who want to go?" He added that another problem arises with the uncertainty of having enough students to fill two camps.

Tom Evans, student body president, suggested that two camps be held, one from Sept. 11-13, another from Sept. 13-15. "It would mean a lot of work, but we could do it," he said.

The more expensive accommodations at Asilomar would not have to be used if two small camps of up to 210 campers each were held rather than one large camp, Evans continued.

Pat Engerud and Shunji Ito recently were appointed assistant camp directors by the Student Council. Joan DiCristina and Don Schlote were appointed as student members of the committee.

Just One More!

Del Bowles, Social Affairs committee head, announced Friday he still was looking for one more bridge player.

Nineteen persons have entered the National Intercollegiate Bridge tournament, and Bowles is hoping for one more so the college will have five full teams.

Campus Drive Raises Money To Aid Elders

The on-campus Elder fund drive held Friday netted approximately \$235, according to Jack Furey, drive chairman.

Alpha Phi Omega, national college men's service fraternity, sponsored the drive and was aided by several other campus organizations and individuals, Furey said.

"I am deeply grateful to the Student V, Kappa Phi, Tau Delta Phi and the many individuals who helped," Furey continued. He said that he was "a little disappointed" in the results as the service fraternity members had hoped for double the amount contributed.

Alpha Tau Omega, national men's social fraternity, answered the challenge of Tau Delta Phi when it donated the sum of \$15 from its treasury funds. Tau Delta Phi, men's scholastic honor fraternity, had contributed \$20 to the Elder fund Wednesday night.

Student Court Recommends Amendment for Advertising

The Student Court recommended that the Student Council act to amend the ASB by-laws to state definitely conditions under which advertising can be displayed on campus.

Senior Meeting Scheduled Today

A report on Senior Ball progress, the March graduates' banquet, and commencement exercises will be the features of the Senior class council meeting today at 3:30 p.m. in Room 39.

"Only a handful of seniors have been attending council meetings," Ken Scannell, Senior class president, said Friday. "With almost 1100 seniors in the class, poor attendance shows apathy."

"So many students complain that they want this or that done," the president added, "but they never come to the meeting to voice their opinions."

In reviewing the conditions of the alleged sign-code violations of Alpha Delta Sigma, national advertising fraternity, the court found that while a standing rule of the administration prohibits advertising of any kind without special permission, there was no ASB rule definitely applicable to the case.

"This is a definite loop-hole in the ASB constitution, since recent administrative policy has left decisions on such matters in the hands of the student government," Don Binder, court chief justice, pointed out.

The only definite statement in the ASB sign code is in specific reference to election campaigns.

Revelries Tickets Go on Sale Today

Tickets for this year's production of Revelries, "Hey Mac," go on sale today in the Graduate Manager's office.

Today also is the last day for all campus organizations to reserve ticket blocks.

Dick Zimmerman, the show's business manager, reported most of the sororities and a few fraternities have reserved sections for opening night, Feb. 18.

"Those groups which haven't made their reservations are taking their chances," he warned.

Ticket blocks for the musical comedy, which runs Feb. 18-21, may be reserved for any performance but must be picked up before Feb. 9, Zimmerman said.

Admission prices are 60 cents for students and 90 cents general admission.

T-Bone Attack Questioned

WASHINGTON (UP) — The House armed services committee Friday called Gen. J. Lawton Collins to a public hearing tomorrow to "clarify further" an 8th Army explanation of Sunday's ill-fated United Nations attack on T-Bone hill in Korea.

Gen. Smith Defends T-Bone — With the U.S. 7th Division, Korea (UP) — Maj. Gen. Wayne C. Smith Friday defended his so-called "Scenario script" attack Jan. 25 on T-Bone hill as a "success" and of "tremendous value" to his front-line forces.

He expressed surprise at the

congressional uproar over the raid against a knob on T-Bone Jan. 25 in which three men were killed.

Warren Denies Insurance Fraud — SACRAMENTO (UP) — Gov. Earl Warren today described as "fantastically distorted" claims by a former treasury agent that chiselers have fraudulently obtained \$20,000,000 in unemployment compensation insurance.

Morse Has New Plan — WASHINGTON (UP) — Sen. Wayne L. Morse has introduced legislation to require each senator to list monthly the names, duties, and salaries of all persons he em-

ployes.

Tax Plan Gets Support — WASHINGTON (UP) — Rep. Daniel A. Reed's plan to cut personal income taxes July 1 has the support of a large majority of the tax-framing House ways and means committee, a membership poll disclosed Friday.

Truman Against Bombing — INDEPENDENCE, Mo. (UP) — Former President Truman warned Friday against bombing Communist bases in Manchuria unless the United States is ready to put 5,000,000 ground troops in a Far Eastern war.

Don't Hesitate Now

It seems strange that anyone should have to be reminded to save a life.

Actually, few of us would hesitate to save another man. On the battle fields Americans have risked their lives time and time again to save fallen comrades.

Yet, when it is within the power of any one of us to save a life right here and at no risk, all too few of us volunteer. We have to be reminded and sometimes nagged into saving a fellow American.

Today in the Thrust and Parry is a criticism of the manner in which the Blood Drive is being publicized on campus. We must agree with the T&P that jazz and mournful pleadings for blood seem out of place.

But apparently it is necessary to attract attention in some way; necessary to prod the campus into remembering that there are men in Korea who desperately need our blood.

And if such reminders are necessary to save a life, then the Spartan Daily must support them and do some reminding on its own.

Final Tryouts for Yell Leaders Will Be Held Wednesday Night

Final tryouts for the college yell leaders will be held Wednesday evening, the Rally committee executive council decided yesterday.

Chuck Wing, Rally committee chairman, announced that several students who took part in preliminary tryouts last week will be called back. They will be notified by mail.

"Persons who did not try out last week are welcome to come Wednesday," Wing continued. There are five positions to be filled.

Students chosen as yell leaders will hold office until Jan. 1, 1954. They must be regularly enrolled students on clear standing with the college at the time of taking office.

The committee also voted to hold its election of officers for the 1953-54 school year following the Student Body elections in the spring.

The committee also voted to hold its election of officers for the 1953-54 school year following the Student Body elections in the spring.

Soph Council Meets Today

The Sophomore council will meet today at 3:30 p.m. in Room 127 to review final preparations for the Hillbilly Hop and to draw plans for the coming Sophomore Doll contest.

At last week's meeting the council was asked to outline examples of fairness and/or unfairness on campus. The request was received from the college Fairness committee and written reports from members of the council are expected today.

Frosh Council

The Frosh-Soph mixer, the Frosh year book, the council party and a freshman spring project will be discussed at the Freshman council meeting this afternoon at 3:30 o'clock in the Student Union. Bill Kennedy, president, will preside.

Thrust and Parry

Its All Too Typical

Dear Thrust and Parry:

So it just ain't so! Well my only reaction to that odd little editorial in Thursday's Spartan Daily is, "OH, NO?"

I can understand the daily blow wanting to de-emphasize any unfavorable light cast upon the campus social life, but to make an outright denial that it simply doesn't happen is at best a foolish statement.

As for Libby Stone not being typical, who said she was? As I get it Libby is that one-in-every-crowd who goes against the wishes of everyone concerned. And Cliff Mitchell seems to be the only one in the strip who is an all-around guy. Well, don't you find one like that on every campus? Pappy comes nearest to being typical. There are plenty of that kind around this school.

Now, really, what about this business of blackballing, and being blackballed by that one-in-every-crowd. If you think that doesn't happen—well, I can only offer my own case as an example. It happened to me recently and I am told by fraternity members that it happens at frequent intervals. I am not saying which well known fraternity here at San Jose State I was pledging because I am not knocking the fraternity system. I think it is a good thing, including the blackballing rule. It is true that there are certain injustices from time to time but the virtues far outweigh the weaknesses. But it is all too true that Libby and her masculine counterpart do exist. As for the "good kids" suffering from unrequited loves and memories of blackballs going around smiling nobly—I wouldn't be too sure of your characterization, Mr. Editor.

WILLIAM C. DEVINE,
ASB 1407

Stop The Music!

Thrust and Parry:

Is education the purpose of college, or is it one foolish bundle of noise, excitement, and rah-rah?

While attempting the almost impossible task of studying in our library—the location designed and provided for studying—one is at-

tacked on all sides by moving machinery, air-hammers, steam shovels—and the worst of all—very low-grade Dixieland and Bop "music," being played at a volume audible two blocks distant with a ham comedian giving his pitch over a microphone with its discordant rasping permeating the innermost recesses of the campus.

"Give blood." Give this, give that. How about giving us some solitude and quiet so we can study—the purpose for which we're here—I think. If this blood drive and other similar appeals are worthwhile, they don't need to be pitched to the drivelling idiot! We don't need the excitement of the Dixielander's and a huckster to motivate us toward a good cause. This sort of thing belongs on the grounds of a circus—the music and the barker, "Step right up, step right up,"—not on the campus of a state college.

It doesn't speak well at all for the people who are making an effort at obtaining an education to be confused with those who are here for a four-year loaf and four-year period of constant rah-rah.

If they want to pretend they're circus barkers, and want to give vent to their thespian talents, give them a place to do it—but, outside of town—not underneath the windows of the library!

JIM COCKRELL,
ASB 2581

PAT MACKLEY,
ASB 0866

Take Your Pick

Thrust and Parry,
Spartan Daily:

Referring to Nelson Wadworth's piece about Death Valley in Friday's Daily, Dr. G. Alexander "Badwater Bill" McCallum was quoted as saying, "They call me 'Desert Rat' down in that country."

Down in "that country," as everyone knows who frequents the fleshpots of Furnace Creek Ranch, what they call Bill McCallum is "Dessert Rat."

"Chuckwalla" Dwight Bentel

Deadline Set For Election Applications

Today is the deadline for submitting applications for the student government positions to be decided in the Feb. 13 election.

The 19 posts to be filled include four main offices of the sophomore, junior and senior classes; a representative from each of these classes, plus two representatives from the freshman class, in addition to a male and female justice to the Student Court.

A candidate for class office must be an ASB member, on clear standing, a member of his class, not more than six units deficient of his respective class, and must have attended his class council meetings for at least one of three quarters previous to candidacy.

Student court justice candidates must be members of the ASB on clear standing, have been enrolled in the college for at least one year, and must not be holding any other elective ASB office.

Requirements for candidacy for class representatives are the same as those listed for class officers above.

Applications may be obtained in the ASB office, according to Don Binder, chief justice of the Supreme Court.

After applications for the positions are turned in to the student body office, petitions must be procured from that office and signatures obtained by the candidates. Deadline for return of petitions will be announced later.

Campaign posters may be placed on campus, in compliance with the rules of the Student Affairs board, during election week.

Binder urged a large turnout for all positions, since all are important to the workings of student government.

The Spartan Daily will carry further announcements and election information in future editions.

Hillbilly Dance Bids on Sale

Bid sales for Friday's Hillbilly Hop will begin today. Bids will be available at a booth in the Library Arch until Friday afternoon. Price: \$1.25.

Spartan "hillbillies" will find directions to Napredak hall marked on the back of their bid. Phil Trowbridge, publicity chairman, announced.

"Last year's hop was a packed-house affair and everyone had a well-remembered great time," Dave Doerr, junior class president and member of last year's sophomore council, said.

SPARTANS TOPPLE PACIFIC, 66-54

Win First CBA Contest From Hapless Tigers

By BOB SMITH

The Spartans won their first California Basketball association contest and evened their season's mark at 8-8 when they took a decisive victory from the COP Tigers Saturday night, 66-54.

The Stockton crowd saw Coach Walt McPherson's five lead most of the way and pull ahead in the third quarter to give Pacific its fourth consecutive loss in the CBA and their 14th straight defeat of the year.

Gene Sosnick, the Bengals brilliant guard, displayed a tremendous effort for the losing cause as he registered 23 points, 18 in the first half, to take scoring honors for the night. Gene Wellman, Pacific forward, followed Sosnick in the losers' column with 8.

The Spartans once again showed a well distributed scoring attack. Guards Lee Jensen and Carroll Williams each netted 14 points as did Forward Dick Brady. Forward Don Edwards missed his first foul shot after 22 successful attempts but managed to tally 10 points. Fred Niemann, the Spartans' ball handling center, made seven of twelve free throws for seven points.

The Tigers were guilty of 26 of the 46 fouls called in the contest. But the Spartans were not as sharp as they have been at the

foul line. They were able to hit only 26 of the 43 shots taken.

The Golden Raiders led at the end of the first period, 14-13, but had to counter with a last minute rally before intermission to take the half time lead, 34-30.

Pacific was leading by two, 32-28, when Williams, San Jose's play-making guard, sank a hook shot and followed with jump shot. Jensen added a shot from the corner to give the Spartans the advantage at the half.

Earlier in the second quarter Williams had to leave the game because of injuries sustained on the floor. He suffered from cuts on the left shoulder and under the left eye.

The Spartans went ahead by 13 points at the end of the third period. Edwards led the attack from the floor and Niemann added markers from the foul line to give the Raiders a 19-10 point difference in that period.

McPherson finished the game with reserves playing most of the fourth quarter.

Sosnick added to his 19.7 average in league play with his sharp shooting. Williams and Jensen shared "guard duty" on the little leader and bottled him up in the second half as he gathered only five points.

In a game played at Salinas Saturday night, the San Jose Frosh whipped Hartnell college, 59-47.

Center Don Fausset emerged as the game's high scorer with 17 points for the Spartababes. He was followed by Forward Joe Ortego with 14, and Guard Don Hughes with 13.

Coach Bob Wuesthoff was pleased with his squad's performance in winning their tenth contest of the campaign.

Forty-two fouls were called in the game with the Spartan yearlings being responsible for 28 of them. Three technicals were also called on Wuesthoff's outfit.

Mat Weigh-in

Weigh-ins for the All-College novice wrestling tournament will be taken today from 8:30 a.m. to 4:30 p.m., according to Coach Hugh Mumby.

First round drawings will be made after the weigh-ins are completed, and the first bouts will be wrestled beginning at 7 p.m.

Strong Track Schedule for '53 Announced

Tentative track schedule, as released by Coach Bud Winter, includes meets with California, Stanford, the Olympic club, San Diego Navy, COP, and Fresno State.

In addition, the Spartans will participate in such events as the Long Beach relays on March 9, Stockton invitational, Coliseum relays, West Coast relays, Modesto relays, Compton invitational, and the AAU meet.

In these meets, SJS will compete against some of the top talent in the country.

The Spartans finish the season by journeying to Lincoln, Neb., to compete in the NCCA meet.

The Raider thinclads finished second to the University of Southern California in the NCAA meet last year.

Bowling League Opens Wednesday

Play begins in the Santa Clara valley intercollegiate bowling league Wednesday at Bridgeman's Recreation Center, Bill Hubbard, Spartan director of athletics, revealed Friday.

The league consists of eight teams, five from SJS and three from Santa Clara. The teams will compete on a round-robin basis and may meet twice each.

The teams will compete for trophies put up by Bridgeman's, Hubbard said.

Mittmen Face Rugged Tests In Northwest

Coach Chuck Adkins' boxing team opened the season last week by soundly defeating San Francisco State. Their trip to the Northwest this week will be a more severe test, however.

The Spartans will face Washington State Thursday night in Pullman, and will meet Idaho university Saturday night at Moscow.

The Raiders did not lose a single bout at Redwood City in setting back the mediocre Gators. Four of the bouts ended prematurely with referee's decisions, and one ended with a knockout by SJS's Paul Reuter in the heavyweight division.

Dick Bender and Mike Guerrero earned draws, while Ed Heinrich defeated his opponent in the only bout that went the route to a decision.

In the Northwest, however, things are not likely to be so easy for the Raider ringmen. Washington State and Idaho always are high in the national collegiate boxing picture. And in their home ring they usually are extra strong.

In last year's dual matches between SJS and the Northern schools, the Spartans emerged with two wins. They defeated the Cougars, 6-2, and downed the Vandals, 5½-2½.

Several Spartans gave indications against SFS that they will be hard to beat. Terry Ulrich, substituting for Jack Montgomery at the last minute, rocked Ellito Jacobs in an impressive 147-lb. victory.

Bobby White, 112-lb glove artist, who won the outstanding boxer award for the night, and Bill Mendosa, who has been hot and cold up to date, showed improvement.

Crane, Hughes Tied in Frosh Scoring Race

Freshman basketball statistics compiled through Friday show that two players have amassed same number of points for the Spartababes so far this season.

Guard Tom Crane and forward Don Hughes have scored 146 points apiece to lead the rest of the field by 34 markers. Center Don Fausset is next with 112.

Crane, 18-year-old Menlo-Atherton high school graduate, has the best average per game. His 11.4 average is one point better than Hughes.

Crane has 51 field goals and 44 free throws to his credit. Hughes has four more field goals than Crane, but he also has eight less free throws.

Fausett, the Spartababes, tallest performer, has garnered 37 field goals and 38 charity shots, to post a 5-point lead over forward Al Hood, who has 107.

Coach Bob Wuesthoff's youngsters have ten games remaining on their schedule, including contests with Stanford, Santa Clara, St. Mary's, and USF.

In 14 games, the frosh have won 9 while posting 809 total points, for a game average of 57.8. Frosh defensive tactics have held the opposition to 799 tallies, for a 57.1 average.

Varsity mentor Walt McPherson said that several of the frosh players could fit into his plans for next year.

"It is hard to tell at this time which players will be suited for our style of playing. We can't make plans too far ahead because of the draft and the possibility of some players not returning next season," McPherson said.

The coach continued, "We will be faced with the problem of finding replacements for two of our starting five who will be graduated after this season."

Africa Is West's Best Friend, Claims Kalibala

"Africa is the best friend the western world can have, but the West must realize that we want to be treated as human beings," Ernest B. Kalibala, African lecturer, said Friday.

Speaking in Room 24, Kalibala exhorted an audience of more than 100 persons to consider the position of the "black people" in regard to the recent conflict in Africa.

"Africans have been exploited by the whites for a long time," he said. "Whites have taken our land, enslaved our people, exploited our resources for their own benefit, and have denied us education."

There are only four colleges for natives in Africa, he said, and none of them give any type of a degree. "Europeans know, this and they purposely have withheld education from us because they can get our labor cheap," he accused.

"You come to us, preaching against Communism, but as it stands now Communism means nothing to us. It doesn't promise us any less than we have now, because we have nothing now. Not even our own land."

"When we try to assert ourselves, we are jumped on because the whites are afraid we will demand better conditions."

"When blacks were being killed by the whites nothing was mentioned to the world about it," the lecturer said. "But when a white man is killed by a black it suddenly becomes big news."

"The people of Africa must have a voice," he said, "and the only way to get this voice is through education. The Western world and particularly the United States must help us get this education."

Only in this manner can Africa, with its vast manpower and strategic natural resources, particularly uranium, be enlisted in the aid of democracy, he warned.

Meetings

Hillel: Meet tonight, Alexander hall, YMCA, at 8:15 o'clock.

Junior Class council: Meet today in Morris Dailey auditorium, at 3:20 p.m.

Red Cross Drive Chairman Named

Dr. Edward P. Shaw, associate professor of economics, has been named chairman of the 1953 Red Cross Roll Call drive, to be held on the college campus.

His appointment as head of the drive was made at a meeting of the community service committee, of which he is a member.

Assisting Dr. Shaw will be Milton Rendahl, associate professor of sociology; J. Hugh Jackson, assistant professor of business; and Dr. Earnest S. Greene, professor of chemistry and physics.

Of the 19 women's living groups registered with the college, ten are sororities.

Skiers Urged To Brush-up On First Aid

Ski club members who did not attend the opening session of last week's first aid class are asked by John Bishop, club president, to report today and Wednesday in Room 129 at 7 p.m.

Sgt. Lester MacFarlane, Air Force first aid instructor at Parks Air Force base, teaches the course, which began last week. Sgt. MacFarlane has been teaching first aid and Arctic survival in the Air Force for the past six years. He has more than 3000 hours of first aid instruction to his credit.

Bishop urges all feminine members to wear pedal-pushers or slacks to the Monday and Wednesday sessions as the class will be practicing with splints. He invites all Ski club members to take part in the course. "First aid is a necessity for skiers," he said.

La Torre Pics

Members of campus organizations who failed to meet the Friday deadline for La Torre pictures will have a chance to have them taken today.

Sophomore Doll Choice To Be Named in March

Campus and community representatives have been invited to serve on a board of judges to select San Jose's candidate for Inter-collegiate Sophomore Doll.

Sparta's contestant will be selected during the week of March 2-7, Tom Brown, sophomore president, announced.

All organized living groups, fraternities, and sororities will be invited to sponsor candidates in the college contest, Brown said. An eligible candidate must be a sophomore; must not be married or pinned; and must not have won any other college-wide contest.

A list of nine judges was approved this week by the Sophomore council. The following will be invited to judge doll contestants: Dr. John T. Wahlquist, college president; Milton C. Lanyon, sophomore class adviser; Dr. Dwight Bentel, journalism department head; John P. Crummy, San Jose industrialist and philanthropist; Shunji Ito, sophomore class vice president; Mrs. Esther Walker, San Jose Mercury fashion editor; a representative from the San Jose News; and a representative from a

local jewelry store.

A five member committee appointed to invite judges includes Tom Brown, Shunji Ito, Don Scholte, Joan Nichols, and Alberta Young.

Saber Ceremony

Silver Saber society, Army ROTC fraternity, will install new officers at formal ceremonies tomorrow night.

Newly elected officers are Rusk Potter, president; Richard Tharp, vice president; Don Edwards, treasurer; Kenneth Fare, secretary; Walter Seebach, chaplain; and Jerald Walker, sergeant-at-arms.

Blue Key, national honor fraternity, had its beginning at the University of Florida in 1924.
